“

OVER THE LAST 13 YEARS THE WEST SERVICES FAMILY HAVE WORKED HARD TO ENSURE THEIR REPUTATION IS THAT OF - TRUST, QUALITY AND RELIABILITY.

”

Steve West | Managing Director

Some of our clients include:

southeastern

ABOUT US

West Services was established in 2003 with a major rail company being our first client. Over the last 14 years West Services has grown in size year on year. Time and investment has been given to ensuring West Services is at the forefront of all aspects of our business.

14 years later we have various divisions and a growing number of staff. As our team grows as does our business, continually gaining the trust of new clients while retaining the trust of our existing ones.

Steve West - Managing Director

In 2003 Steve started West Services. Steve strives for perfection and is always visiting sites to ensure of high safety and work quality levels. This hands on approach is highly respected by our clients allowing us to gain and keep their trust.

Justin West - Director

Justin started working as a Carpentry Apprentice in 2005 along side his Dad, Steve West. Now a number of years on Justin manages the day to day works West Services conduct whilst also controlling the Bespoke division of the company,

WHY CHOOSE **US?**

West Services have grown at a manageable rate to ensure we never lose the quality of works we produce. We pride ourselves not only on the work we produce but the loyalty to our clients after the project ends. We have a very strong after sales attitude, always striving to make our clients happy.

We are able to complete a spectrum of works some including:

- Bespoke Cabinetry
- Shopfitting Services
- Refurbishments
- Rail Services
- Professional Spraying Works

Investment In Ourselves

As we continuously develop within a fast moving sector here at West Services we are always investing into ourselves, ensuring that we are at the forefront of tool development and technology. This always ensure that our productivitu is always improving.

- ✓ Continious investment into safety equipment
- ✓ Forefront of new tools and equipment

Reputation Matters To Us

Coming from a small family background West Services know how important a good service is. Our reputation matters and we never want a client to feel let down by us, we work day and night to ensure our repuataion remains as it stands now - a trusted company with great workmanship.

- ✓ Quality works
- ✓ Trusted team

SOME OF OUR **WORK**

August 2016

School toilet cubicle
installation and
refurbishment

December 2016

Bespoke lockers crafted with
bespoke desks and a full
refurbishment

SOME OF OUR ACCREDITATIONS

West Services have been accredited by Achilles since 2012, passing every audit. Our safety systems have been improved year on year with by our two Saftey Officers and the cooperation of West Services team members to ensure the safety of all every day.

IOSH is the Chartered body for Heath and Saftey professionals, two of our staff members completed this accreditation in 2016 and we look forward to building on this with more staff completing the accreditation. IOSH aims to raise the standard of health and saftey professionals.

Safe Contractor is a health and saftey accreditation within the UK. West Services have been a member of this scheme since 2008, we continue to use this scheme to monitor our health and saftey processes.

NICEIC is a voluntary regulatory body for the electrical contracting industry. West Services electrcians hold this accrediataion and we pride ourselves on the quality of our electrical services, We complete smaller projects to larger works including electrical works within the rail industry.

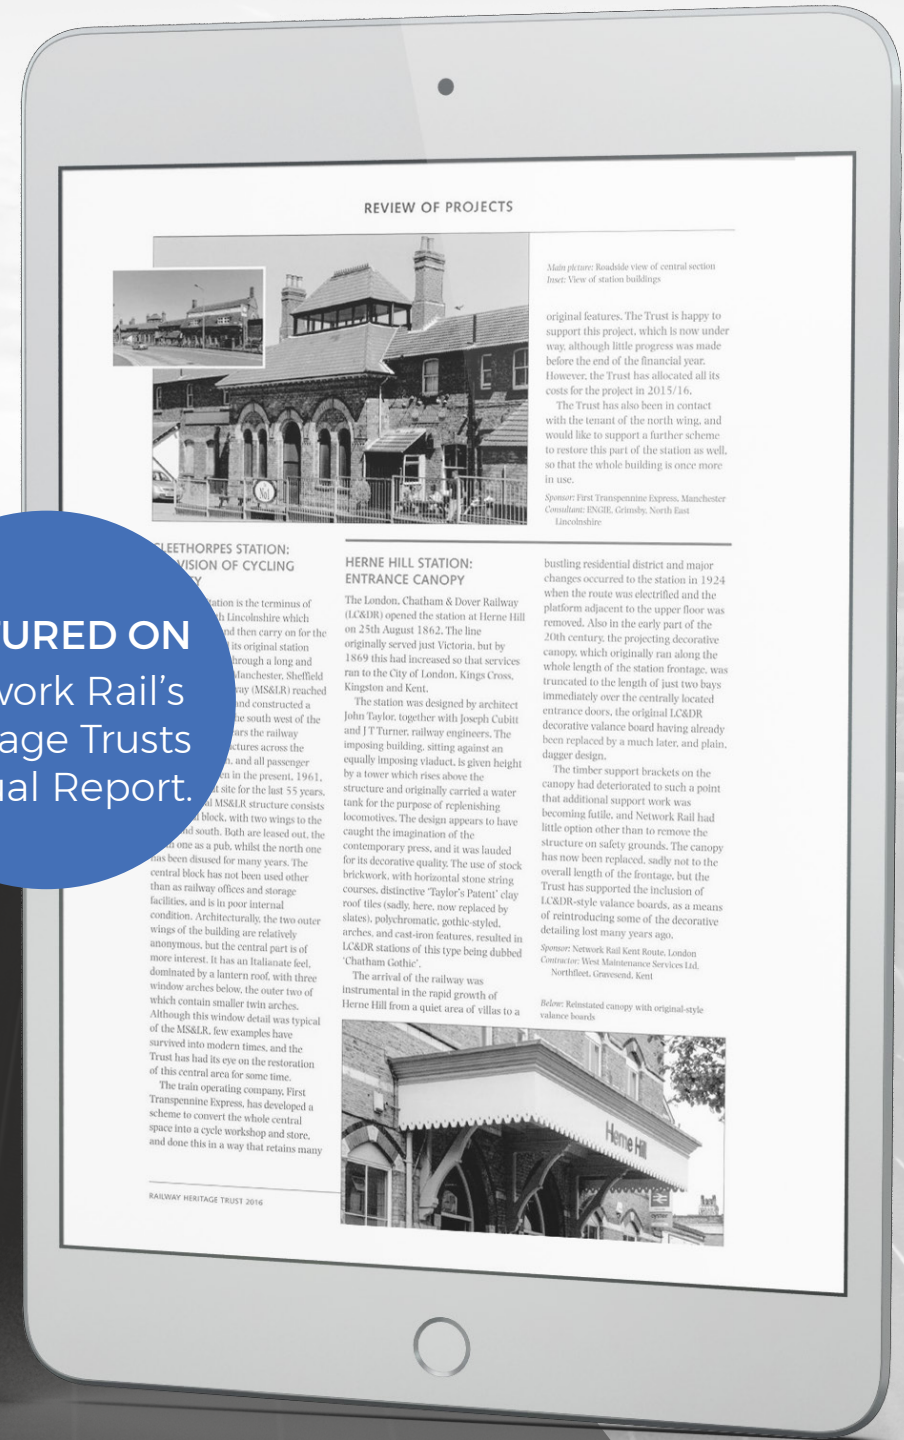

City & Guilds is a vocational education organisation within the UK. We have supported various apprentices over the past 13 years, including electrcians, carpenters and painters and decorators. The City and Guilds qualification has allowed our apprentices to learn in a structured manner as well as learning hands on, on site.

The Gas Safe register is the Gas registration body for the UK. The accreditation is to protect the public from unsafe gas work. At West Services our gas enginners all hold this accreditation.
